Portfolio:
https://react–portfolio–brandon.herokuapp.com/

Recent graduate from The Ohio State University's Full-Stack Web Development Bootcamp. Seeking an entry-level web-development job, where I can put my skills to use while learning from industry professionals.

Education

The Ohio State University

January 2021-July 2021

Full-Stack Web Development course where we learned how to develop both the front-end and back-end of a web application.

Certification:

OSU Full-Stack Coding Boot Camp

July 8, 2021

Projects

Google Books React Search and Save

https://react-app-google-books-13.herokuapp.com/

Technologies Used:

- MongoDB
- Express
- React
- NodeJs
- Axios
- Google Books API
- Bootstrap
- React-Router
- Mongoose

Description:

App designed to aid the user in searching for books using the Google books API and then allowing the user to save the books to a MongoDB database for viewing or purchasing later, links to purchase through Google Books are on every book result.

Tech Blog

https://tech-blog-app-brandon.herokuapp.com/profile

Technologies Used:

- MySQL
- Express
- Express-Handlebars
- Express-Sessions
- NodeJs
- Bootstrap
- Bcrypt
- Sequelize

Description:

A blog app that allows users to sign up, login, create and delete posts that are then viewable on the main page of the website, each post has its own page as well

User-Directory

https://user-directory-brandon.herokuapp.com/

Technologies Used:

- React
- NodeJs
- Axios
- Bootstrap
- Randomuser.me API

Description:

This app is a User-Directory that is organizing data from the Randomuser.me API. The data is retrieved and then displayed in a table where the user can then search for users by name, or organize them by a variety of options.
